Dear Mr. Sherwood:

REVISED ENVIRONMENTAL REMEDIAL DISPOSAL FACILITY (ERDF) OPERATIONS  
PLAN

The ERDF Operations Plan has been recently upgraded and several sections have been revised. The revised copies of these plans are attached for your information and use. The changes are not considered significant and in keeping with past practices, thus require the U.S. Environmental Protection Agency (EPA) notification only. Included in the attachments is a listing of the current Operations Procedures. These procedures are not being transmitted to EPA at this time, but are available for EPA review at ERDF.

If you have any questions, please contact me at (509) 373-6295.

Sincerely,

O. C. Robertson, Senior Project Manager  
Remedial Action and Waste Disposal Project
